GEAR BOX

Hon. Commissioner for Patents
P.O. 1450

SIR:

INFORMATION DISCLOSURE STATEMENT - SECTION 1.97(b)

Under the provisions of 37 C.F.R. Section 1.56, and in accordance with 37 C.F.R. Sections 1.97 and 1.98, applicants' representative hereby submits US Patent & Trademark Office Form PTO-1449. Copies of the references cited therein are submitted for consideration in the examination of the above-referenced patent application. It is respectfully requested that they be made of record, along with whatever references the Examiner may find in the course of a search, should the Examiner consider them material to the subject application.

DE 198 18 863 C1 has been discussed in the introductory part of the application. The remaining references are considered to be background material. The references do not disclose that, in a locking device for a selector lever of a motor vehicle transmission comprising a locking member, which is pivotally supported on a support structure, and an adjustable locking element is supported on the support structure and engages the locking

member for fixing the selector lever, a locking part is mounted resiliently on the locking member so as to bear against the support structure and to engage the selector lever, the locking part being movable by the selector lever between a first rest position to second position by application of a predetermined force by the selector lever.

This Statement is hereby submitted under Section 1.97(b) since it is being submitted concurrently with the filing of the above-referenced application.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read 'K. Bach'.
